## FOREWORD

"The Moving Finger writes; and having writ,  
Moves on; nor all your Piety nor Wit  
Shall lure it back to cancel half a line,  
Nor all your Tears wash out a Word of it."  
—Omar Khayyam — *Rubaiyat*

Yearbooks are the recordings of the moving fingers of a school. The hand on the cover has a glorious tale to tell of Palmyra High School, for the year 1955-1956 was one of many achievements in all phases of activity. Members of the Senior class received national recognition for scholastic endeavors, clubs and musical organizations planned exceptional programs for both school and community, and athletic teams experienced a banner year when they brought all championship honors home to Palmyra. The PALM ECHO itself is unique — the moving finger has written a new chapter in yearbook styles, keeping the school ever in step with the changing world.

So look in now to see what the hand of Time has written for Palmyra High School in 1955-1956.

# DEDICATION

## MR. HARRY HARLACHER:

Although you are a relatively new member of the faculty, we were quick to recognize your qualities of friendliness and leadership. You have served as an excellent example of adulthood, not only for the Seniors but for all the students. We wish to show our appreciation by dedicating to you the 1956 PALM ECHO.

Tell the young people that the path to the attainment of an intellectual or spiritual ambition, and to the full development of the powers God has given us, not alone of the mind, but of the heart and soul as well, lies through Education.
